Achievements and progress

- Styling for all modal popup
- Upgrade Express-Vue
- Display Event User Avatar
- Implement order summary section

Express Vue Template Problem

- Express Vue Template can not load external libraries.
- In client side (Web browser), You can not use window object in your code. Express Vue Template will throw the error to you because it does not know what the window object is.
- From the above issue at this time, there is no way to solve this problem.
